Anthony Utah McEntire

Murfreesboro, TN **||** (479) 857-3282 **||** utahmcentire@gmail.com

// Summary

Ambitious student and former military seeking real-world programming experience in the Software Development Internship position at AllianceBernstein. Currently a candidate for bachelor's in computer science and on track to graduate in mid-2021. I've enjoyed my coding curriculum so far and would love to utilize this opportunity to learn new languages/technologies and apply my knowledge thus far to real-world applications.

// Knowledge

Technical ()

- Most knowledgeable in C++, familiar with Python, HTML, CSS, and some exposure to JavaScript
- Extensive troubleshooting/problem-solving background in long-range communication equipment down to card level, and occasionally component level
- Frequent user of Visual Studio, Notepad++ and its executable console as well as FTP connectivity for syncing code, and GIMP Image Editing Software

Professional ()

- Experience in fulfilling short notice needs for large scale operations
- Excellent attention to detail and ability to quickly identify possible issues in a fast-paced team-oriented environment
- Always interested in learning a variety of new technologies to further my knowledge in the field and better prepare me for future opportunities
